The Sign of Musical Prestige

An Orthophonic Victrola in your home assures you of a source of all that is good in music. For no other single instrument offers such a wide selection of good music, and renders it with such perfection as the Victrola. With the new Orthophonic Victrola, every vocal strain, every sustained note and full volume is reproduced with absolute fidelity. You can sit at the little player board and enjoy every note of the organ's full sound. You will be hearing the latest classics as played by the greatest instrumentalists. Enjoy:

Manchester Invites You

THE TOWN UNIQUE

Located on one of the main automobile routes midway between Boston and New York, eight miles east of Hartford.

The Town of clean living conditions and wide open spaces, where slums and poverty do not exist; where contentment, good health and prosperity abound.

The Town where private homes predominate; where home lots are wide and deep; where spacious lawns are a feature and where there is abundant room for expansion.

The Town where it is a pleasure to live and which extends to you a cordial invitation to come and make your home; where there are beautiful broad streets, excellent schools and exceptional recreational facilities; the whole town a park.

The Town of fine up-to-date retail stores where there is no auto parking problem—room for everybody.

The Town of 22,000 inhabitants and 6,000 locally employed industrial workers.

The Town of resident owned industry; ideal working conditions and happy, healthy, prosperous workers.

The Town that is celebrated the world over as the seat of the oldest and one of the largest silk manufacturing plants in the United States.

The Town that “has something on everyone” either silk, fine knit underwear or high grade woollens; whose products are in every man’s mouth in the shape of millions of pounds of leaf tobacco grown, packed and marketed annually.

Manchester also manufactures press papers and boards, special photographic papers, binder, button, straw and leather boards; Jacquard card and insulating board; counter, index and stencil boards; soaps and powders, leather goods, friction clutches and marine motors; taper pin and expansion reamers, chucks and end mills; needles, spirit level glasses, electrical ammeters and voltmeters; piston rings and water motors, calendars, tooth powders and toilet articles, etc.

BUYERS’ DIRECTORY

It’s Practical Uses

***

To detail more fully the products and service of industrial, commercial, financial and professional activities.

***

To form a quality background by the better use of type and paper.

***

To create a department of those in each community whose stability has built the foundation upon which progress has been attained. (The length of this advertising service automatically eliminates investments for space by those who question their ability to continue business activity.)

Reference Advertising

He who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girdler in the bridge between dealer and consumer, and should be part of all national and local campaigns.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

Hale's Self-Serve Grocery
It Pays to Wait on Yourself

Manchester's Public Pantry
The fact that it is the talk of the countryside
For more than forty miles around is proof
That it is unusual

More than a quarter
Million people waited
On last year
Proving that
"IT PAYS TO WAIT ON YOURSELF"

Hale's Health Market

Only quality meats sold
In one of the most sanitary
Markets in the state

Our business increased over 50% in 1925

You owe it to yourself to pay it a visit

MANCHESTER NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their description, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arrangement by rotation where no numbers have been assigned.)

The abbreviation s between the street number and the name signifies "rear." The word "vacant" after a number signifies that the house, store or office at that number was vacant when census was made.

"Denote parties having telephones.

"(1-A)" indicates marginal index for locating street on the map.

"(Right even)" after street name indicates even numbers on right side of street.

He who buys space in the City Directory buys advertising permanency. Every day thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

DIRECTORIES AND REFERENCE MEDIA
STANDARDS OF PRACTICE

ADOPTED BY THE DIRECTORY AND REFERENCE
MEDIA DEPARTMENTAL OF THE ASSOCIATED
ADVERTISING CLUBS OF THE WORLD

The publisher of a Directory or Reference Medium should
dedicate his best efforts to the cause of business uplift and
social service, and to this end should pledge himself:

1. To consider, first, the interests of the user of the book.
2. To subscribe to and work for truth, honesty and
accuracy in all Departments.
3. To avoid confusing duplication of listings, endeavoring
to classify every concern under such headings as best
describe it, and to treat additional listings as advertising, to
be charged for at regular rates.
4. To increase public knowledge of what directories and
reference media contain; to study public needs and make
directories and reference media to supply them; to revise and
standardize methods and classifications so that what is wanted
may be most easily found, and the directory and reference
media be made to serve their fullest use as business and
social reference books and directories of buyer to seller and
seller to his market.
5. To decline any advertisement which has a tendency
to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon
the merits of the publication.
7. To avoid misrepresentation by statement or inference
regarding circulation, placing the test of reference publicity
upon its accessibility to seekers as well as on the number of
copies circulated.
8. To co-operate with approved organizations and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function
directories and reference media in public service and then to
strive in every legitimate way to promote that function.
