Hartford Workers Go Out on Strike; 2,500 Leave Plant

Long-Threatened Walk-out at Pratt & Whitney Division of Niles-Bement-Pond Co. Comes in Drizzling Rain This Morning

Hartford, March 15.—(AP)—The long-threatened strike at Pratt & Whitney division of Niles-Bement-Pond company came today. In a drizzling rain, some 2,500 workers at 10 a. m. filed out the gates of the big, precision-tool manufacturing company.

Negotiations between the strike call originally set for Monday night, was advanced to this morning following complete breakdown in the negotiations for a pay increase.

Leaders of the CIO union—Local 231, United Electrical, Radio and Machine Workers—told the workers, as they assembled in a muddy lot across from the plant, that the company's wage offer had "betrayed" union confidence, and threatened to increase pay for a flat 18 1/2 cents per hour increase.

Meanwhile, William Gaston, Federal conciliator, continued his efforts to settle the controversy. Late this morning, he said he was endeavoring to arrange another meeting.

AFL Leaders Rap Federal Labor Stand

Green Makes Vigorous Attack on Wage-Price Policies; Lewis Holds Key Position in Talks

Washington, March 15.—(AP)—With the post war wave of CIO strikes subsiding, the rival AFL has moved into the center of the labor picture with two developments:

1. AFL President William Green, often conservative in his utterance, launched out in a vigorous, jabbing attack on administration wage-price and labor policies. AFL anger has been rising for weeks—not directed at employers but at the government and the CIO.

2. AFL Vice President John L. Lewis, boss of the United Mine workers, finds himself in more of a key position than ever in his wage negotiations now going on with soft coal mine owners. Reconversion Director John Snyder told a reporter that with the settlement of several major strikes, "the one hurdle remaining in reconversion is early, amicable settlement of labor contracts in the coal industry."

Lewis joined the AFL less than two months ago in Miami. For several months he has been criticizing the government's wage-price policies. Green, too, has been critical of them, but last night in a speech at Carbondale, Pa., he surpassed himself and almost demanded an end of what he called Mr. Truman's "crazy-quit" wage-price policies. He said Mr. Truman's advisers are "incompetent." And he declared that "the big danger we face is the establishment of a permanent economy in our country regulated and regimented from beginning to end by the Federal government."

The AFL president described the economic situation as dark and confused. He said neither labor nor industry knows where it stands or where it is headed.

Calls for New Policy
Green called for a new wage-price policy to be drafted with labor, industry and agriculture assistance and said it should be in effect for one year. After that, he asserted at the annual dinner of the Carbondale Central Labor union, all government controls over wages and prices should be dropped.

"Finally," he asserted, "I urge with all the emphasis at my command that the government eliminate itself from the sphere of labor-management relations, except for offering strengthened conciliation service to both parties, and allow labor and industry to work out their problems through the proper methods of collective bargaining and voluntary arbitration."

Red Troop Movements in Iran Seen Part of 'War of Nerves'

Reds Deliver Reply To American Note

Washington, March 15.—(AP)—A Russian communication delivered to Secretary of State Byrnes today by Nikolai V. Novikov, Soviet charge d'affaires, dealt with economic and commercial matters and had nothing whatever to do with the American notes on Iran and Manchuria, the State department said.

Nuernberg, March 15.—(AP)—An angry Hermann Goering denied to the International Military tribunal today that he was a looter of Europe's art galleries, declaring that he paid for all he received and was "cheated" in many of the deals.

Sadly, he testified that Hitler made him produce photographic copies of all confiscated art objects whose Jewish owners had fled. Hitler had first choice for the museum he planned at Linz, he said, and left Goering only "seconds."

Goes Into Great Detail
Although the former reichsmarschal has freely admitted many prosecution statements concerning his part in Nazi Germany's aggressions, he showed indignation at French charges of his part in the "looting" of Europe's art treasures, and went into great detail to explain his actions.

He claimed that he planned to make reparation for all art objects by establishing a benefit fund for families of Frenchmen killed in the war, but he admitted this had never been done.

Referring to his dealings in the open market in France, Italy and other places, he said "I was cheated. As soon as it was known I was interested 50 and 100 per cent were added to the price."

Argue About Reprisals
A large part of the morning was taken up with a legal argument on international law concerning reprisals when Goering attempted to explain how the actions of partisans, guerrillas and underground fighters on German soldiers provoked overt acts in many cases.

"I do not wish to dispute in any way the prosecution contention that things took place that violated

Attlee Sees India Freedom as Right

Hopes People May Elect To Remain in British Commonwealth; Must Be by Free Will

London, March 15.—(AP)—Prime Minister Attlee told the House of Commons today that if India chooses full independence from Britain "in our view she has the right to do so. It will be for us to help to make the transition as free and easy as possible," he declared during debate on the mission of three cabinet members who will go to India, shortly take up again the problem of self-government for India.

But, he said, "I hope the Indian people may elect to remain within the British Commonwealth."

"If she does so elect," he added, "it must be by her own free will, for the British Commonwealth and Empire are not bound together by chains of external compulsion."

Attlee said that Britain, in making a final treaty with India, was not "going to hold out anything to our own advantage that would be to the disadvantage of India."

He said he thought India would "find great advantages" within the Commonwealth and warned that "no great nation can stand alone today."

Going "In Positive Mood"
Attlee said the cabinet mission was going in India "in a positive mood."

The three cabinet members who compose the mission are Lord Pethick-Lawrence, secretary of state for India; Sir Stafford Cripps, president of the Board of Trade, and A. V. Alexander, first lord of the Admiralty.

They will leave next Tuesday and are due in India March 22.

Attlee said the government intended to give the mission "as free a hand as possible" in negotiating with Indian political leaders and that the three "are going out to India resolved to succeed."

Should earlier advanced to third reading a bill repealing emergency powers of the British central government in India and providing for an all-Indian council to advise the viceroy, Lord Wavell. There was little discussion.

Truman Hails UNRRA Work; Pledges Help

Seen Evidence 'Cooperation for Peaceful Ends Possible' as America's Aid Pledged

Atlantic City, N. J., March 15.—(AP)—UNRRA's ranking officials expressed conviction today that the organization's relief work would have to be carried on beyond this year. The opinion came from Herbert Lehman, director general, and Rep. Sol Bloom (D., N. Y.), chairman of the House Foreign Affairs committee, during the opening plenary session of UNRRA's fourth council meeting.

Atlantic City, March 15.—(AP)—President Truman, in a 1111 g UNRRA's work as evidence that "cooperation for peaceful ends is possible," pledged today that America's full aid would be mustered to feed the starving millions of areas freed from war—but not from hunger.

Tersely, he declared in a poignant message to UNRRA's fourth international council that "in this country our efforts are now solidly behind an emergency food economy program intended to release as large as possible a proportion of our food supplies for export to the starving peoples of the world."

Then he added:

Evidence of Cooperation
"As to the great work which UNRRA has undertaken, I know of no more encouraging evidence that international cooperation for peaceful ends is possible than the record of UNRRA's achievements."

The text of the president's message follows:

To the Council of UNRRA:
"In welcoming the members of the Council of UNRRA to the United States, I should like first to express my heartfelt sympathy to all those members whose countries are at the present time suffering from the acute food shortages afflicting the world.

"As to the great work which UNRRA has undertaken, I know of no more encouraging evidence that international cooperation for peaceful ends is possible than the record of UNRRA's achievements.

"Despite many obstacles and frustrations it has given clear proof that where the will of the United Nations is clearly expressed, prompt and effective action can be taken."

Will Maintain Support

Accused of Transmitting Secret Data to Russia, Including Details of 'RDX', Super-Explosive; Communist Elected by Labor Progressive Party; Report Details Charges Made

Ottawa, March 15.—(AP)—A member of Canada's Parliament and four government scientific workers were accused today of transmitting secret data to Russia, including details of the super-explosive known as "RDX." Fred Rose, the only Communist ever elected to the Canadian House of Commons, was charged formally today after his arrest following a meeting of Parliament yesterday.

The arrest warrant declared that Rose, who worked in the Soviet union for six months addressing youth rallies, "did unlawfully, for purposes prejudicial to the safety and interest of Canada, obtain, collect, record, publish and communicate to other persons sketches, plans, models, articles, notes and other documents and information which were calculated to be and intended to be directly and indirectly useful to a foreign power, to wit, the Union of the Soviet Socialist Republics."

The Royal commission said Dr. Raymond Boyer, assistant professor of chemistry at McGill university, had admitted giving Russia full information about his work with "RDX." Boyer was mentioned in the arrest warrant for Rose as a person with whom Rose conspired.

Rose held several offices in Canadian Communist organizations before a Montreal labor constituency elected him to Parliament as a member of the Labor Progressive Party. This party absorbed the Communists after they were banned during the war.

Boyer was accused of transmitting

Expect Reply By Churchill

New York, March 15.—(AP)—New Yorkers today officially welcomed Winston Churchill but attention focused on the day's activities to focus on the former British prime minister's talk tonight. Extraordinary press attention was taken by Scotland Yard men and city authorities to guard the doughty Briton in his Waldorf-Astoria hotel suite and during his swing through the city.

Former Prime Minister Clamps Blackout on Contents of Speech

New York, March 15.—(AP)—Winston Churchill put the finishing touches today to tonight's speech in which he is expected to reply to critics of his Fulton, Mo., address and possibly to Generalissimo Stalin's denunciation of him as a "warmonger."

But the former British prime minister clamped a complete news blackout on the speech's actual content, and a member of his staff said that the only copy of the talk in existence is the one Churchill will use in its actual delivery from 10:30 to 11 p. m. (e. s. t.) at an official city dinner.

Meanwhile the Greater New York CIO council announced it would throw a cordon of pickets around the Waldorf-Astoria where Churchill will address 2,000 guests as the climax of a day-long city fête.

Saul Mills, council secretary, in a call for pickets last night, said Britain's wartime leader was "forming a new world war," and added it was "disgraceful" that New York should give "official recognition and a public platform to a man who so recently was repudiated by the overwhelming majority of the British people."

British Attribute Tension to Breach of Agreement to Withdraw by Last March 2

London, March 15.—(AP)—Britain considers that the reported Russian troop movements in Iran are a part of a "war of nerves" and attributes breach of the agreement to withdraw from the country by last March 2, qualified diplomatic sources reported today.

These sources said the British take the position that one of the consequences of Soviet troops remaining in Iran is that any reports of troop movements inevitably give rise to every kind of anxiety.

A Foreign Office spokesman said most of the government's information about troop movements came from the U. S. State department.

Reports by British representatives, he said, related primarily to the Tabriz district. Some troops, he said, had been observed going northwest from Tabriz toward a fork where they might either take the road toward the Turkish frontier or the one toward Russia. British reports had not placed them beyond the fork, although dispatches from Tehran yesterday said they had taken the fork toward Turkey.

A second body of troops, the spokesman said, was reported by British representatives to have left Tabriz toward "Tehran" but "the capital is a long way down the road, thus it is impossible to draw any conclusion."

Should Not Be in Iran
"All I can say," he concluded, "is that Russian troops are in Iran and they should not be there."

He said Britain would be unable to judge whether Soviet policy in the Middle East is aggressive or defensive until a reply is received from the British note to Moscow asking a Russian explanation.

A dispatch from Canberra quoted high Australian government circles as stating that the British had taken a view expressed before the Australian Parliament by Herbert V. Evatt, minister of external affairs, that Australia regarded Russian policy as defensive.

The Foreign Office spokesman here, however, said he could not explain the public statements of Foreign Secretary Ernest Bevin in the United Nations Security Council and in the House of Com-

Atom Control Stand Issue

Washington, March 15.—(AP)—The congressional path of atomic energy legislation developed new bumpy terrain today as divergent interpretations sprang up over President Truman's position in the civilian vs. military control fuss.

Mr. Truman steered clear of the major points at issue—an amendment to the pending control bill. But he told his news conference yesterday that he still believes the military should be consulted, with primary control left to a civilian group directly responsible to him.

That's the stand he has taken, he said, and he referred reporters back to a six-week old letter to clear up what he termed a lack of clear understanding on the matter.

The chief executive had been asked specifically about action of the Senate's Special Atomic committee which earlier in the week outvoted Chairman McMahon (D., Conn.), 10 to 1, to accept an amendment by Senator Vandenberg (R., Mich.). This would set up a military board to consult with and advise the civilian control body McMahon favors. Any disagreements would be taken to the White House for decision.

In saying he felt a civilian commission, responsible to him, should have primary control, Mr. Truman said this should in no way hamper the military because the president is commander-in-chief of the armed forces and hence charged with national security.

Later McMahon, who has consistently opposed military control, issued a statement saying: "I am pleased that the president has reiterated his support of the vital principle that civilians must control atomic energy. Of course, as the president suggests, the commission should consult and advise

St. Patrick's Day Almost Lost by Irish of Chicago

Chicago, March 15.—(AP)—The Irish of Chicago—and there are thousands—almost lost St. Patrick's day to the Hungarians yesterday when an Irishman, Kelly by name, got his dates mixed.

But Kelly—Mayor Edward J. made a neat recovery and, glory be, saved the day for the Irish.

It all started at a City council meeting when a proclamation in his honor declaring Sunday as Hungarian day in Chicago was read.

The proclamation, in the flowery style common to such resolutions, paid lavish tribute to the contributions made to Chicago and the nation by persons of Hungarian origin.

Burglars Steal Safe

New Haven, March 15.—(AP)—New Haven police within a block of police headquarters stole a 500-pound safe containing between \$400 and \$500 from the Elm street store of the Gerry Stevens Tire Co. last night. The break was discovered by the police when they noticed that a light over a safe in the front salesroom was out. Investigating he found that the safe was also out. Patrolman C. Zwirko reported that the safe was in plain view when he passed the store at 2:05 a. m. as that it was missing when he returned at 2:20.

Nazi Marshal Killed Himself

Frankfurt, March 15.—(AP)—An American sergeant was shot to death in his billet at Hedderheim yesterday and military police, finding a 30-year-old German girl standing over his body with his own gun, said they were investigating the possibility of murder in a love affair. The sergeant, whose name is being withheld until relatives are notified, was shot through the heart. The girl said the shooting was accidental.

Aide Reveals Death Result of Fear of Trial by Russians

Herford, Germany, March 15.—(AP)—Field Marshal Walther von Model, who had been hunted since his Army was crushed in the Ruhr trap a year ago, took his own life with a revolver, April 21, 1945. British intelligence officers said today.

They said he feared that if he surrendered himself to the western Allies he would be turned over to the Russians as a war criminal.

Von Model, who was group commander on the Russian front prior to being transferred to the western front, was among the German officers accused by Russia, of being responsible for deaths of 577,000 persons in concentration camps in Latvia and the deportation of 175,000 others as slave laborers.

The accusations were contained in a report last April 9 by a Soviet investigating committee.

The report said that "German feldmarschal von Model" spared no one. They murdered men and women, healthy and sick, children and old people" in mass extermination camps near Riga.

AFL Leaders Rap Federal Labor Stand

(Continued from Page One)
Informational conflict between the AFL and CIO. A high economic official, who asked not to be named, said today that an AFL-CIO struggle is one of the remaining reconstruction worries of the government.
The AFL has been pointing out that most of the big strikes, for example in auto, steel, electric utilities, and oil refining were the result of the CIO's economic program. Here is the way CIO and AFL officials are reacting to the current economic situation: The CIO appears to be happy. The AFL is angry and even bitter.
"Historically of the labor movement will be the CIO's campaign for substantial wage increases for its members as the American labor movement which has so far taken place."
The AFL believes doesn't mean that AFL unions have had no wage increases. Late in February the AFL said in an official publication, "to date we have won wage increases averaging from 10 to 20 cents an hour and up for about 2,000,000 workers."
Attacking interventionism
But the AFL is attacking what the CIO is doing. It says the CIO has forced this interventionism by "uncompromising demands" and going on strike. And it declares that the CIO is "stealing" the AFL's work. The AFL has urged the CIO to rise in order to meet the CIO demands. This rising living cost and "stealing" AFL workers of the wages which they had won had won without any price increase.
Any CIO pleasure over the wage settlements doesn't mean that the CIO's demands were satisfied.
Immediately after the war ended last August, the CIO started its aggressive campaign for "substantial" wage increases. It argued that a 30 per cent rise in hourly rates would be necessary to make up for lost overtime pay—assuming a worker stopped working 48 hours a week and went back to 40. It argued that a high level of purchasing power would be the greatest need in the months to come.
Adopted in Blanket Demand
This 30 per cent figure was adopted by the CIO. Automobile Workers union in its blanket demand on the auto industry. Other union, those to demand 25 cents an hour more for every worker, which figure was considerably less than 30 per cent on the average.
The raises finally decided upon in the auto and basic steel industries were 15 cents an hour, close to 40%. For the steelworkers, they got about three-fourths of what they had demanded. For the auto workers, it was a little more than that.
Are the raises enough to make up for lost overtime pay? CIO sources say "No." But they say the raises come fairly close to it. One CIO economist explained that most industries were working somewhat less than 48 hours a week during the war and now will be working somewhat more than 40, thus permitting workers to continue to earn some overtime pay.

burial occurred in Dusseldorf, Germany, after his German Fifth Panzer and 16th Armies had been annihilated. The intelligence officers said Model commanded Army Group G, which was trapped at the Ruhr by a First and Ninth U. S. Army junction April 1.
The officers quoted Michael as saying:
"On April 21, 1945, Field Marshal Model shot himself in my presence in a wood near Dusseldorf. I buried him and am, as far as I know, the only person who knows where his grave is. He chose death because he had been accused of being a war criminal by the Russians."
"In the course of conversations I had with him over a period of days, I expressed my opinion that the western powers would hand him over to the Russians—and it was this which decided him."

with the military on military applications of atomic energy. And the military is not as yet clear on the issue. It is because I am concerned about our nation's security, that I want civilians to control this force unshackled by the military."
Senator Vandenberg Endorsed
Senator Edwin C. Johnson (D., Conn.), second-ranking member of the Military committee, said the president's statement was "an endorsement" of the Vandenberg amendment. Vandenberg himself did not go that far, observing that he "could not know exactly what was in the president's mind." But he added a reporter:
"My amendment gives the military absolutely no power. The only thing in it is to give the president the right to advise the president."
McMahon said Mr. Truman also referred to the president's letter to him Feb. 2. The chairman of the committee said he is a commission to carry out an investigation into the military's use of atomic energy. The committee's report will be presented to the House in the next few days.
The Connecticut senator has contended that the military board Vandenberg proposes would be "a step toward complete atomic control."
"I expect to complete action on this committee, meanwhile, looking forward to completing action on the proposed addition to the Atomic Energy Act," he said.

Written in the stars who do you worry about submarines? I asked. "It isn't that simple," he answered. "You don't understand. But thank you for not laughing at me."
I left, said he sat alone until dawn in the wardrobe.
Whoops landed safely in Britain he bought two hams from the steward for bartering and headed happily for London, said assured, his gloom gone.
"Aren't you worried about bombs?" I asked.
"As long as you're not on the water," he said cheerfully. "I just can't stand the thought of being at sea."
The three bums caught fire during the lunch hour, Foreman Max Miller said, while volunteer firemen of the Lost Arva Fire Company were fighting a grass fire eight miles away. The firemen left this fire in charge of neighbors.
Soft Ground Mires Trucks
Soft ground around the tobacco sheds hampered the removal of their trucks. A half-mile of hose was laid to reach the fire but the three sheds burned to the ground.
At the height of the fire, flames were partially covered by furniture.
Car Thieves Sentenced
Hartford, March 15—(AP)—Two men who escaped from the Middle-town State hospital last Oct. 3 and were captured in Sbury 14 days later pleaded guilty in Sbury court yesterday to a car theft charge arising from the stealing of an automobile for use in their flight. Judge Charles J. Laughtin sentenced Francis McNamee, 27, to a year in the county from two to 10 years in state prison, and Richard Jurge, 17, of the same town, to a year in the county jail. Assistant State's Attorney James McNamee, who had committed a series of minor crimes in Hartford and New Haven counties, before their capture.

Tobacco Sheds Lost in Blaze

Granby, March 15—(AP)—An outbreak of fire in this farming community Thursday brought an estimated loss of \$20,000 to the American Sumatra Tobacco Corporation in the destruction of three large tobacco sheds and their contents on its Floydville plantation and damages to two barns of the corporation in the adjoining town of East Granby.
Included in the loss were about 40 tons of charcoal, used in the curing of the tobacco, 400 casks and a quantity of tobacco net cloth wire used in the cultivation of shade-grown tobacco. A company spokesman said the loss was partially covered by insurance.
The three bums caught fire during the lunch hour, Foreman Max Miller said, while volunteer firemen of the Lost Arva Fire Company were fighting a grass fire eight miles away. The firemen left this fire in charge of neighbors.

Union Rejects Chase Offer

Waterbury, March 15—(AP)—The Mine, Mill and Smelter Workers' union (CIO) has rejected an offer by the Chase Brass and Copper company to boost wages 15 1/2 cents an hour in settlement of a strike that has kept 4,000 workers idle since early February in a demand for a 30 per cent wage increase.
The collapse of union-management negotiations yesterday was attributed by company and union spokesmen to a controversy over retroactivity and other applications of the wage increase offer.
Says Offer Like Scott's
Rodney Chase, spokesman for the company, contended that the company's offer was similar to that accepted by the union in settling the strike at the Scott plant earlier this week and in an agreement forestalling a strike at the Bridgport Brass company yesterday.
"The union insisted," he said, "that we do more than these companies had done, and further complicated the situation by offering a special commitment which will be held March 25 at which 27 veterans, including the general, will receive diplomas, and Keper will be the speaker."
General to Get Diploma
Keper, Ind.—(AP)—Major General William E. Keper will deliver the commencement address at his own graduation from high school in the city of Keper, Ind., on March 25. General Keper, a member of the Keper family, was a member of the Keper family which will conduct atomic bomb tests in the Pacific May, left Kokomo High school 30 years ago to join the Marines. Principal C. E. Hinshaw has announced that a special commencement will be held March 25 at which 27 veterans, including the general, will receive diplomas, and Keper will be the speaker.

Making of Deals Denied by Rhee

Seoul, March 15—(AP)—Dr. Yungman Rhee, Korean political leader, yesterday denied that he was "making deals" with the Americans and declared the statement was based on misinformation.
Pravda, Moscow Communist party newspaper, said yesterday that Rhee headed a Korean group seeking to grab government power and control mining enterprises.
"I never made any mining or other concessions, and never will," Rhee said.
"What we are trying to do is to restore and maintain our country's independence," the white-haired leader of the Korean Advisory council, which has been working with the U. S. Military government, said.

Consistent Shoppers At House's Find A Reasonable Share Of Available Merchandise

It was strangely disquieting to see this man gripped by fear or the sea that had been his highway and livelihood for 30 years.
One night we were alone in the wardrobe. Outside heavy rains and wind beat at the rocking wicker and straining deck cargo cables groaned with an almost human voice.
"Do you believe in stars?" the captain asked suddenly, and before I could answer, he said hurriedly: "You won't laugh at me if I tell you, I believe in astrology, will you? I know you won't. I can tell by your hands. You have long fingers. That means you must be sensitive. You must be a star. I got interested in astrology years ago when I was young and studied the meaning in the world. Religion and philosophy—I studied them and they did me nothing. Then I began reading astrology and learned the pattern of the stars I found meaning."
"Have Answer To Everything"
"I used to buy astrology books at every port. When I got home I talked to my wife and children of the stars but they just laughed at me. So I don't talk about them any more at home. But I tell the stars have the answer to everything. It's all written there if you can read it—everything that is to happen. And nothing can change it. The stars said what they have to tell are the sure things in the universe."
If you expose your fate is

Housing Plan Slowed By Federal 'Red Tape'

Chamber of Commerce Complains to Housing Expediter W. W. Wyatt Over Senseless Delays

Manchester's concerted effort to provide homes for returning veterans seems destined for failure unless the government steps in and cuts the "red tape" that hinders nearly all phases of the program, says the Chamber of Commerce.

This finding was arrived at by the Chamber of Commerce after a study of the necessary materials for buildings new GI homes into the city and surrounding areas.

In his letter to Mr. Wyatt, Director of the Federal Housing Administration, the Chamber of Commerce points out that Manchester is in the several days before Governor Baldwin's inauguration.

It is pointed out that the Chamber of Commerce has been working on the housing problem since the war.

Mr. B. Googel has written to the legislative council suggesting amendments not only to tighten the act, but to end confusion which now exists in regard to the duties of employers, in particular.

Mr. Googel said today that some employers have failed to record their fee payments with his office because the law does not specify whether this procedure is required or not.

Office Changes Proposed A second change proposed by the secretary of state's office would amend the law to provide for a 12 month fee which is required by the state for all documents filed with the secretary of state, but which is not specifically demanded in the law.

Mr. Googel also points out that it is not included in his letter, that the law also fails to compel lobbyists, when they register, to record the names of their employers, and, therefore, it is difficult to balance the employer's expense statements with the lobbyist's registrations.

He believes the law should be changed to include such a provision.

Rev. E. S. Bucke To Speak Here

Editor of Zion's Herald To Be Guest Preacher At South Methodist

Rev. Epory Steven Bucke, editor of Zion's Herald, independent Methodist weekly, published in Boston, will be the guest preacher at the South Methodist church, Sunday evening, the service in the sanctuary, will begin at 7:30 o'clock.

Rev. Mr. Bucke became editor of Zion's Herald, the 120 year old paper, in 1944 succeeding Lewis Bishop Hartman who was editor and distinguished career as editor and Mr. Bucke, though a much younger man, has stepped into the role effectively. Before assuming the editorship he was a minister of the New England Conference. He graduated from Boston University School of Theology, where he now teaches several courses.

Rockville County Home Awards Made

Outstanding Boy and Girl Selected; Improvements at Heury Park

Rockville, March 15—Superintendent Albert E. Meenan of the Tolland County Home at Vernon Center on Thursday announced the 1946 winners of the wards for the outstanding boy and girl at the home, Robert Robbe and Mildred King.

The award is made each year from the income of a fund established by Miss Minnie Zachrie of Rockville in memory of her mother and brother. The selection of the winners was made at the last meeting of the County Commission.

Plan Changes

Announcement was made Thursday that extensive changes are being planned at Heury Park, the Recreation Board cooperating with the Public Works Department of the city to improve the recreational facilities at the park. The immediate plan calling for the improvement of the baseball field, there have been many complaints in recent years in regard to the condition of the surface of the playing field and changes are to be made so that the high school football can be played there in winter. Other plans discussed include a new dressing room or field house, drinking water and other facilities. Another plan that has been discussed is the baseball field is that the home stands will be torn down and replaced with the new in its place. This is also to be changed.

The members of the Recreation Board include: Stephen J. Von Kiew, chairman; William A. Bogdas, secretary; Harold R. Hodge, Samuel Gamble and Frederick A. Berger. The last two members are from the Common Council. The Public Works committee cooperating in the program are: Alderman John Gottlieb, chairman; Aldermen Anthony Deboer, Kenneth South, George Scheiner and James Doherty.

Program Touted

Effort to Settle Strike Failure

Hartford, March 15—(AP)—A union-management conference with Gov. Raymond E. Baldwin that lasted seven hours at the State Capitol last night ended in failure as no attempt was made to settle the Yale and Towne strike at Stamford.

At the close of the session, Governor Baldwin reported tersely: "No progress."

The governor has intervened several times before in attempts to end the dispute which has kept more than 5,000 workers at the local factory idle since Nov. 7.

WAIT FOR THE "GO" SIGN

THE DIAL TONE MEANS GO AHEAD

All dial equipment is working at top capacity these days — particularly during mid-morning and early evening hours. So, if you don't hear the familiar hum of the dial tone the instant you pick up your telephone that's the reason. It doesn't mean that your telephone is out of order.

Please wait for the dial tone before dialing. It's the "go ahead" signal that indicates the dial equipment is ready to take your call. If you start dialing before getting this signal, you'll get a wrong number — or no number at all. And, if you can conveniently do so, please make as few calls as possible during the busy mid-morning and early evening hours. This will help everyone get better service.

THE SOUTHERN NEW ENGLAND TELEPHONE COMPANY

Another Team Exceeds Quota

Red Cross Fund Here Stands at \$7,421 of The \$21,325 Needed

Once more Red Cross is stepping ahead. Team C, under the leadership of Mrs. Burton D. Peart, major, with Mrs. Ruth Hickox, Mrs. Gertrude Buchanan and Mrs. Ann Irish assisting, gathered for the purpose of collecting \$21,325. This is gratifying news and it is hoped that from now on returns will come in more rapidly. The amount collected to date now stands at \$7,421 of a total of \$21,325 to meet the amount set for Manchester.

The canvassers are working each day, but it is difficult to find everyone at home, although in many cases two or more calls are made.

If you are not reached by a Red Cross worker, please send the money directly to the Manchester Chapter or phone them, adding that a worker be sent to your home. This will be done willingly if you will only specify when it will be convenient for a worker to call.

Tolland

William E. Anderson is attending a convention of business men this week in Atlantic City, N. J.

Raymond Clough has recently purchased the Von Decker farm on Paulk Hill earlier known as the John Jones farm.

The Federated church joint meeting of the ladies societies was held at the carriage at 3 p. m. Wednesday.

The church school board held the monthly business meeting at the parsonage Thursday at 8 p. m.

The guest preacher at the Lenten Vesper service Sunday evening at the Federated church was the Rev. Hugh Barbour, pastor of the South Coventry Congregational church.

Members of the Young People's Society gathered for their business meeting in the church following the vesper service.

Next Sunday, March 17, the preacher at the Federated church morning service will be the Rev. Dr. Orville E. Crain, district superintendent, Norwich, Conn. New England Southern Conference of the Methodist church. Following the service Dr. Crain will conduct the quarterly conference for the association of necessary business and recording of reports by the Methodist branch of the Federation.

The Lenten vesper service preached last Sunday, March 11, will be the Rev. J. Arnold Olson, pastor of the Methodist church in Hockanum, East Hartford.

Grass, Brush Fires Keep Up

Both the Manchester and South Manchester fire departments were kept busy yesterday answering calls for grass and brush fires. One brush fire and one grass fire were extinguished at 2:01 yesterday afternoon for an automobile fire at the corner of Middle Turnpike east and Main street which brought out Companies 2, 3 and 4 from the HEMT and No. 1 from the Manchester Fire Department.

At 9:38 yesterday morning an FD No. 1 answered a call on Packard street at 3:11. No. 3 responded to a grass fire and woods fire on Porter street, followed by a grass fire at 3:20 on Grandview street, answered by No. 2. All these fires were in the South district.

At 12:20 the Manchester department was called to the corner of Henry and Bowler street for a grass fire and at 1:30 a call was received from Starkweather street with No. 1 answering both calls.

The Art of Finding by Hazel Heidegott

Each one of us should be able to find what we want...
Sweet Young Thing (to motor car salesman)—Most interesting and now show me the despatching, please. I bear it heavy in these cars.

FUNNY BUSINESS

"They're not so sure of spring, so they're taking overcoats along on their way north!"

CARNIVAL

"You were with Patton's Army, weren't you? How about taking tomorrow off and escorting my wife on a shopping tour to help her capture some scarce merchandise!"

SIDE GLANCES

"Don't be nervous, Babe. We made a strange prodigy looking the Purple Raven..."

OUR WAY

"NO IT! AINT! NO IT! AINT! NO IT! AINT!"

OUR BOARDING HOUSE

"WELL, THAT PET SHOP YOU'VE ADDED LOADS OF ANIMALS TO A KITCHEN!—LOOK, STRANGER, YOUR TRAINS ON TIME AND THERE'S STILL ROOM IN THAT BOX CAR—ON MARCH 16, 1945, AND I HOLD THE LICENSE TO OPERATE A ROLLING PIN HESSE!"

WASH TUBS

"I'VE BEEN HERE FOR TWO WEEKS AND I'VE NEVER SEEN A MAN IN A SUIT!"

NOT A NICE TRIP

"I'VE BEEN HERE FOR TWO WEEKS AND I'VE NEVER SEEN A MAN IN A SUIT!"

THE BOSS

"THE BOSS BACK!"

FLEM PRODDY SHOULD BE MADE FIRE CHIEF

BOOTS AND HER BUDDIES

"DON'T YOU THINK YOU'RE BEING A BIT TOO BRAGGADOCIOUS?"

IT MIGHT BE ARRANGED

"I'D LIKE FOR YOU TO BE MY COLLEAGUE, DAD AND BOOM!"

FRECKLES AND HIS FRIENDS

"YOU GET HECTER AND BEING HIM TO THE OLD TREE IN OTIS ORCHARD!"

RED RIDER

"I'VE BUILT A FIRE TO KEEP BUDDY AND LITTLE BEAVER WARM WHILE HE'S AWAY!"

PICKPOCKET

"I'VE BUILT A FIRE TO KEEP BUDDY AND LITTLE BEAVER WARM WHILE HE'S AWAY!"
