Bobar, 21, all of Hartford, pleaded guilty in Superior court yesterday to two counts of assault, one count of breach the peace and one count of resisting an officer.

The sentences which Judge Kenneth Wynne imposed on each totaled two years and three months, and he ruled that they must be served consecutively. He agreed, however, to suspend the three months sentence he imposed on the charge of resisting an officer provided the conduct of the prisoners was good while serving the other sentences. Two other defendants charged

with taking part in the fracas on April 11 Joseph Chiarizio, 37, and his brother, Frank 30, were scheduled for arraignment today. State's Attorney Hugh M. Alcorn. Jr., who declared them guilty "hoodlumism," told the court he had considered charging the men with conspiracy, a felony punishable by a maximum of 15 years in prison, but finally had decided to proceed on misdemeanor counts, and ask for sentences of at least two years in jail.
